

Aviation Management  
**TRAINING PROGRAM**  
AFRICAN COUNTRIES **JOHANNESBURG** – 2010

Offered in collaboration with ATNS,  
an IATA Affiliated Regional Training Center

## THE IATA/ATNS TRAINING PROGRAM

Air Traffic and Navigation Services (ATNS) Company Limited — the first affiliated regional training center in Africa — and the International Air Transport Association (IATA) are committed to offering aviation professionals in Africa the most timely training on all matters of concern to the industry from both a global and regional perspective.

## CIVIL AVIATION AND AIR NAVIGATION SERVICES (ANS) MANAGEMENT PROGRAM

For the 8th consecutive year, IATA and ATNS will join forces to offer a unique training program on civil aviation management and Air Navigation Services.

Focusing on important issues such as safety management, aviation security, ANS/ATS management, civil aviation management, airline management, cargo management and human performance, the courses will give participants the knowledge and skills to assume a leadership role in today's complex civil aviation environment.

This is a unique opportunity for managers at all levels to learn from a multi-disciplinary and international faculty. They will benefit from IATA's global vision and experience in the air transport industry and ATNS expertise in providing safe, orderly, expeditious and efficient air traffic, navigation and associated services.
